1. MAIN ALTAR, OUR LADY OF VICTORY BASILICA, LACKAWANNA, N.Y.

The main columns of altar (four) are pink marble. All five statues are white marble. Gold crown on Mother and Child of center statue; also gold field under statue. Cross is gold. photograph # 54, which was taken later, for more details of this Altar, center portion, and where also the candles are shown.

Altar, below, white and gold. Altar rail is white marble. Door, gold. The general coloring is white and gold and the soft background is a cream and light brown. The photograph # 1 which should be used was taken before the pews were put in, and you will notice a board at the left of the Altar and some boxes on both ends; also a ladder and some boards under the columns. These must be taken out and a change be made so that this view will have the appearance of photograph # 54.

If Mr. Sladek believes that he would rather use photograph # 54, he may do so; but in that case the detail of the Altar and of the background must be brought out. Personally, I believe that photo # 54 is the better one, because it is more up-to-date. It can be cut on top right above the two angels and shield. The marble used in the columns are of variated white, with dark veins, and some cream color with brown veins, and the general decoration is of soft shades in cream, tan, and light brown with gold as trimming. The pews are of a walnut color, the floor is of gray and a kind of blackish marble.

12. OUR LADY OF VICTORY BASILICA, LACKAWANNA, N.Y.

Take out the roof in front. Substitute lawn, sidewalk, and street. See rough sketch attached, which lay over photograph and hold against light. Take out the posts and the signs. Also the part of building shown in lower right. Eliminate wires running across building, as well as the stop light. Do not cut anything

from the building at right. Finish the Capula, and show at least part of an entrance. Do not cut into the Pergola at left. Show same complete, with just a little part of the building as on photograph.

The privet bushes should be made a little fuller in foliage. This photograph was taken a month ago. The streets at side and front of the Church are asphalt. Bring out the curb distinctly.

The general color of the building is white marble. All roofs are black, oxidized copper. Bring out the statues over the entrance which show Lady of Victory with Child in center, see Altar photograph, and another Angel on the side. Bring out the Angel and group of Children over both Pergolas. The cross on Dome is gold. Statues with trumpets are black.

49. GROUP OF STATIONS OF THE CROSS, OUR LADY OF VICTORY BAS-
ILICA, LACKAWANNA, N.Y.

Grating in lower left, which is again shown farther down,
is gold. All Station statues are pure white marble. Name
plates under each Statue are bronze - brass color. Variated
color marble is used in this aisle, some white with black
veins, others black with white, some cream with light brown
veins, and some marble having a light brown shading.

Floor is also marble, dark and light tan, with the dark-
est portion showing nearly black. The large pillars to the
right are white with black veins. The darker striping in the
center is a light brown marble with no veins. Decoration
above light is brown with darker portions blue; tan is also
predominating, with lots of gold as trimming. Altar in dis-
tance is cream color. Statue white. The principal color of
the Church interior shown in the distance is a very light tan,
cream, and brown, with gold intermingling.

The three lighted domes make a very brilliant effect with
colors of tan and the darker portions blue. The two angels
above the Statues are each holding a gold crown. The thorn
wreath and the three nails under the Statue are bronze.
